ASAP POS

Mini UPS T132-24

- Constant 12V or 24V DC output
- High capacity lithium batteries
- Protection from over charging and discharging, and short circuit
- Provided by smart integrated circuit controller
- No switch control, antomatically turn on and off

Specification

Model	T132-12	T132-24
Input voltage range	12~13VDC	24VDC
Output voltage(optional)	12VDC	24VDC
Output power(Max.)	12V/5A	24V/3A
Transfer time	⩽5ms	
Battery type	Lithium battery	
QTY. & capacity of battery	2200mAh*6	
Charging Period	8 hours(typical)	
Unit dimension(mm)	130*75*42mm
