Newland
SCANNING MADE SIMPLE

FEATURES

A commercial grade, multi-functional micro kiosk. Get in touch with your target audience through self-service or use the NQuire 1500 as a low-cost entry-level Android POS system for everyday use.

Fully functioning CIT system.

With Octa-Core Cortex-A53 CPU up to 1.5GHz.

Easy to install and use anywhere.

Ideally suited for shelf mounting or on-counter usage in department stores, supermarkets, small grocery stores, pharmacy/cosmetic stores, tobacco kiosks and more. Due to the smart placement of the pogo pins, the device can be used horizontally or vertically, depending on your business needs.

Snappy reading performance.

Newland' EM2037-V4, 2D megapixel barcode scanner module can be attached to the NQuire 1500 at the bottom (landscape) or at the side (portrait).

Easily build applications.

The NQuire 1500 is built on Android 7.1, allowing for easy development of custom applications, tailored to your needs.

Variety of mounting accessories.

Foldable desktop stand, VESA wall mount.

Free MDM included.

The NQuire 1500 comes with the option of running Newland's free MDM solution: Ndevor. As a result, the Micro Kiosk lends itself perfectly for the coordination of multiple units. Managing information from a shared database, organizing applications and settings across many individual units, as well as low-touch assistance in troubleshooting can all be managed from a centralized location.
